PAUL'S MISSIONARY JOURNEY

This summer we will journey with Paul as he shares the gospel message! We will learn what it means to be a missionary and get our hands dirty as each group will undertake a mission project around camp. We will learn about Roman times at the lake party complete with Roman games. We will also learn to keep our faith as we are imprisoned with Paul and miraculously set free! These stories will come to life through our games, Bible studies, and skits by the staff and campers. We will also enjoy normal camp activities like arts and crafts, swimming, campfires, and singing!

How will you grow this summer?

Christian camp experiences help young people build healthy relationships, encourage active bodies, increase knowledge and understanding, develop confidence, self-esteem, and leadership. We work to awaken the wonder of God's creation and deepen one's personal faith

Health

Our nurse is on-site during the summer weeks. The nurse will accept all medications brought by campers upon their arrival and will dispense them for the week. Please make sure prescriptions are of a sufficient quantity for the week. A Health/Authorization form (and packing list) will be sent once registration is complete.
